

6-DE-CF/104

PC/104 Board <—> Compact Flash
Interface

The 6-DE-CF/104 board interfaces a SanDisk CompactFlash (or equivalent) with an Ampro CoreModule/3SX_i or /4DX_i, or an Ampro Little Board/486_i or /P5_i (or equivalent boards). A flat cable is required (but not included) to complete the connection from the disk to the associated board.
